Students of the MONTH

James Heil is an eighth grader at Wayne High. James happened to find a wallet in the restroom. When he looked for information inside, he found a very large sum of money; a temptation that may have been too much for most of us. But, he knew how he would have felt losing that much money and he made the decision to do the right thing. From the information, James thought the student was an ELL student, and turned the wallet in to Mrs. D'Agosta, saying only, "I found this in the bathroom and I think they might miss it. You might be able to find the person easier than me." And then walked out. Mrs. D'Agosta only looked at the name and set it aside for the morning. The student was very excited the next day when she returned it, quickly opening it and sighing in relief. This student works often and may have just gotten paid, or perhaps does not use a bank account. But they were very relieved to see their cash still inside. When we think of treating others as we would hope someone would treat us, we often do the right thing. To do this quietly and directly, when no one else is watching, really speaks of someone's moral compass. Keep up the good work!

Nevaeh Hanson is a sixth grader at Wayne Elementary School. She was nominated by her sixth grade team! Nevaeh is an excellent helper in and out of the classroom. She always has a smile on her face and is dedicated to her work. She is also a great helper and encourager to others.

Travis Heithold is a fourth grade student at St. Mary's Catholic School. He is a friend to anyone and a great student helper. He works hard in all classes and wants to achieve. Travis is also very quick witted!

Joseph Roeber is a senior at Allen Consolidated Schools. He is the son of Bruce & Kimberly Roeber and was nominated by Amber Horton. Joe always helps with anything and everything in the shop. He installed a new door without even being asked. He has also changed out plugs, cleaned and organized the shop and generally does anything he is asked to do.

Danica Gould is a tenth grader at Laurel-Concord-Coleridge High School. She is the daughter of Amy & Brian Gould and was nominated by Mrs. Sarah Beckwith. Danica keeps a positive attitude and always does her best when completing tasks and assignments. She actively contributes to group work and stays focused when working independently. Danica is a joy to have in the classroom.

Alex Kvols is a sixth grader at Laurel-Concord-Coleridge Elementary School. He is the son of Katie & Ryan Kvols and was nominated by Mrs. Jennifer Backer. Despite facing adversity this year, Alex has demonstrated remarkable resilience, dedication and academic improvement. Alex shows unwavering focus and effort in the classroom. He actively engages, asks questions and seeks understanding. Alex's positive attitude and drive to overcome challenges serve as inspiration to others.

Official Ballot Initiative Language
Shall the City Council of the City of Wayne, Nebraska, increase the local sales and use tax rate by one-half of one percent (0.50%) upon the same transactions within the City of Wayne on which the State of Nebraska is authorized to impose a tax, with all revenues generated by the additional one-half percent (0.5%) to be used for public infrastructure projects of the City, which shall include recreational facilities of the City, under the following terms and conditions?
(1) Purpose of Tax. Revenues generated by the additional one-half of one percent (0.50%) shall be used to pay the costs to construct, acquire, improve, furnish, and equip public infrastructure projects, which shall include recreational facilities of the City.
(2) Period of Tax. The increased sales and use tax rate will be implemented and related revenues collected beginning as soon as practicable after voter approval and continuing for a period of ten (10) years, unless bonds are issued with some or all of the additional revenues pledged for payment of such bonds, in which case the increased sales and use tax rate will remain in effect and additional revenues will be collected until payment in full of such bonds and any refunding bonds.
(3) Interlocal Agreement. The City of Wayne and Wayne County School District 0017 have entered into an Interlocal Agreement for the long-term development of unified governance of public infrastructure projects in the City. Additional revenue collected from the additional one-half percent (0.5%) sales and use tax will not be used for the purposes of such Interlocal Agreement, but will be used for the City's public infrastructure projects, including recreational facilities, as described above.

VOTE FOR or AGAINST
• I vote FOR authorizing an increase of one-half percent (.5%) in the City of Wayne's local sales and use tax under such terms and conditions.
• I vote AGAINST authorizing an increase of one-half percent (.5%) in the City of Wayne's local sales and use tax under such terms and conditions.

If a majority of the votes cast upon such question shall be in favor, then the governing body of the City of Wayne shall be empowered as provided by Section 77-27,142 to levy said sales and use tax and shall proceed to impose a tax pursuant to the Local Option Revenue Act. If a majority of those voting on the question shall be opposed to such tax, then the governing body of the City of Wayne shall not impose such sales and use tax.

CONSIDERING A HOME WIRING PROJECT?

Home wiring projects may look and sound easy on YouTube tutorials, but tackling wiring projects without the proper knowledge and expertise could result in a fire.

| | |
|--|--|
| <p>SKILLS They can demonstrate their skills in all aspects of electrical work.</p>  | <p>KNOWLEDGE They have the knowledge to complete projects safely and successfully.</p>  |
| <p>TRAINING They are trained in proper installation and know how electrical systems work.</p>  | <p>EXPERTISE They can identify hazards and reduce risks when it comes to home wiring.</p>  |

When in doubt, hire a licensed contractor to do the work

Planning to Install New Services?
